

Reproductive Medicine Associates of Philadelphia Opens State of the Art Laboratory and Surgery Center in King of Prussia

RMA of Philadelphia will open a modern, custom designed embryology laboratory and ambulatory surgery center at their new King of Prussia location, March, 2011. RMA of Philadelphia will host an Open House for Physicians, to showcase the new lab and surgery center.

January 25, 2011, Philadelphia, PA: [Reproductive Medicine Associates \(RMA\) of Philadelphia](#) announces the opening of a new, state of the art, custom designed embryology laboratory and ambulatory surgery center in King of Prussia, located at 625 Clark Avenue, Suite 17B.

RMA of Philadelphia has four locations in the Delaware Valley – King of Prussia, Langhorne, Philadelphia, and Willow Grove – and is a highly experienced fertility team that provides comprehensive infertility treatment services, ranging from basic consultations and fertility evaluations to advanced reproductive surgical procedures, and when indicated, a cutting-edge IVF laboratory for in vitro fertilization (IVF), egg donation, preimplantation genetic diagnosis (PGD), and egg freezing. Co-Medical Directors Drs. Martin Freedman, Arthur Castelbaum, Jacqueline Gutmann, and Benjamin Gocial have been offering high quality infertility care in the Philadelphia area since 1984.

RMA of Philadelphia is part of the well-known [RMA Network of IVF centers](#) located throughout the United States, with the entire network boasting over 20 locations across the US and Mexico. The network is internationally recognized for achieving high success rates for infertility treatment. RMA of Philadelphia's King of Prussia laboratory was designed using proprietary RMA Network technology and will continue to build upon the Network's clinical success.

"We are proud to announce the opening of a world class, state of the art laboratory. This lab was designed in coordination with experts in the RMA Network known for achieving extremely high success rates and technological breakthroughs. We look forward to continuing to build upon our successes with this new laboratory and surgical suite. We are honored to be a trusted resource for so many hopeful parents and are proud of the families we have helped to create."

-Drs. Martin Freedman, Arthur Castelbaum, Jacqueline Gutmann, Benjamin Gocial

About Reproductive Medicine Associates of Philadelphia
